

Willow Tree Learning

7 Cs SEND Assessment Framework

In our school we are using the 7 Cs SEND Assessment Framework. This provides a language of assessment that we can all use. In each of the seven areas there are seven elements. We use these elements to identify a pupil's strengths and barriers to learning, so we can put in place the right provision of adjustments, support and interventions.

COMMUNICATION

Communication is how we talk, listen and understand each other.

COGNITION

Cognition relates to thinking skills.

CREATIVITY

Creativity is about how we think and whether we can build, make or do something

CURRICULUM

Curriculum skills are the skills and knowledge we gain from learning subjects and topics taught.

COMPASSION

Compassion is about the skills we use to show our feelings, to show how we care and how we are with other people.

CONTROL

Control is about how we manage ourselves.

CO-ORDINATION

Co-ordination is about how we control and organise things including our body.
